- 1 Water Filter
- 1 Absorbent Aromatherapy Pad

Water Tank  
5L (1.3 gal)

Base

Humidifier Controls

Battery Chamber  
(underneath)

**Directions for use**

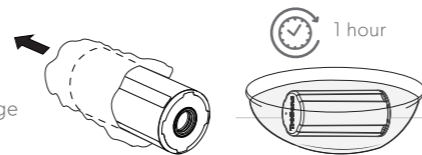

**WARNING**

Always unplug the humidifier before removing the water tank. Empty all water before cleaning water tank, replacing filter or moving the humidifier. Only place the water tank on a hard, solid surface; do not place on carpeting.

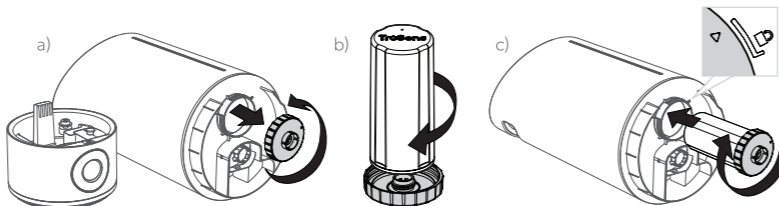

**1) Prepare the water filter**

Remove plastic bag from filter. For optimal performance, submerge filter in bowl of water for 1 hour.

**2) Install the water filter**

a) Unscrew grey cap. b) Secure the filter onto grey cap. c) **Tightly secure grey cap with filter onto water tank until indicator meets lock symbol.** Failure to properly tighten grey filter cap may result in leaking. Return water tank on top of base.

**3) Fill the water tank**

Remove water tank lid and fill with room temperature water (preferably distilled) with pitcher.

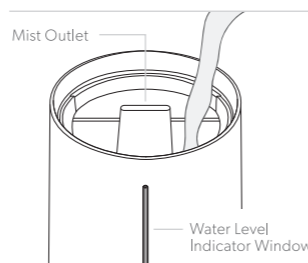

**WARNING**

Do not pour water into the mist outlet or directly into the base/reservoir.

**CAUTION:** Heavy object. To avoid injury always fill tank from the top and use care when lifting.

**4) Set up**

Place humidifier on a dry, firm, flat surface that is free from obstructions.

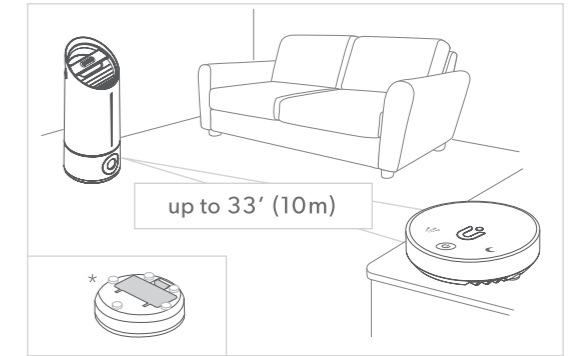

Note: Failure to properly tighten grey filter cap may result in leaking.

Open lid of battery chamber found on SensorPod (bottom) and insert 2 AAA batteries (provided).\*

SensorPod will automatically begin monitoring if humidifier is on.

For optimal results, place SensorPod on a tabletop or counter across the room, within line of sight of the humidifier.

Control the humidifier with the touch buttons on SensorPod.

**Aromatherapy Use**

Locate the Aromatherapy Tray (back of the base) and pull down the lid. Add a few drops of essential oil\* to the absorbant aromatherapy pad (provided) and close tray.

\* Only use 100% natural essential oils.

**WARNING**

Do not add essential oils to the water tank. Do not use synthetic fragrances.

**Cleaning Instructions**

We recommend you clean weekly for optimal performance. Refer to Owner's Manual for detailed instructions.

**WARNING**

Unplug the humidifier before cleaning.

**Filter Replacement**

Filter Type	Suggested Replacement	Item Number
Water Filter	4 months*	WSF300-01

\*Filter Change Indicator on control panel will glow red to notify you to change.

Change the water filter before restarting after long periods of non-use.
